About Me

I am a 21-year-old student, currently in third year at Techno India University. I aspire to be a Full Stack Web Developer and am learning for the past three years. I have ability to adapt in diverse situation and known to have strong morals and ethics. Excited to pursue in companies to further grow my skills and experience.

Education

Secondary education

Ramakrishna Mission Vidyalaya, Narendrapur (2019)

Higher Secondary Education

Calcutta Airport English High School (H.S) (2021)

Graduation

Bachelor of Technology from Techno India University (2025)

Skills and Abilities

I have been coding for the last 4 years and for front-end developing I am quite proficient in HTML, CSS, JavaScript, Bootstrap, Tailwind and for back-end developing I can do Php, and MySQL. I have my basics cleared by learning DSA. Also, I am open to learning more languages and at this moment I'm acquiring my skills in ReactJS.

My Work

Secure Share

Secure Share a file sharing platform used to carry out encrypted file sharing. Secure share involves the use of encryption techniques to secure files during their transfer or storage, ensuring that only authorized individuals can access and decipher the contents.

Calcutta Heritage

Calcutta Heritage is an online ticket booking platform. In Kolkata there are many tourist attractions for historic places like Victoria memorial and Indian museum. But everywhere people have to get tickets by standing in a queue so to counter this problem we have created an online ticket booking platform so people can get tickets from home without any hassle.

Travail

Travail is a blog website where people can share their travelling experiences. It is very evident the amount of misinformation that are spread to garner attention. With Travail, people can trust the stories and experience that are shared and gain knowledge while they are planning for their next trip.
